

# How do Torontonians percieve Climate Change\*

Analysing survey from OpenDataToronto

Aamishi Avarsekar

September 27, 2024

## 1 Introduction

This paper investigates the areas of improvement that the Citizens of Toronto seek for within the city. Pointedly, it studies the demographic difference of different ages and social groups and their inclination towards funding or defunding Toronto's future.

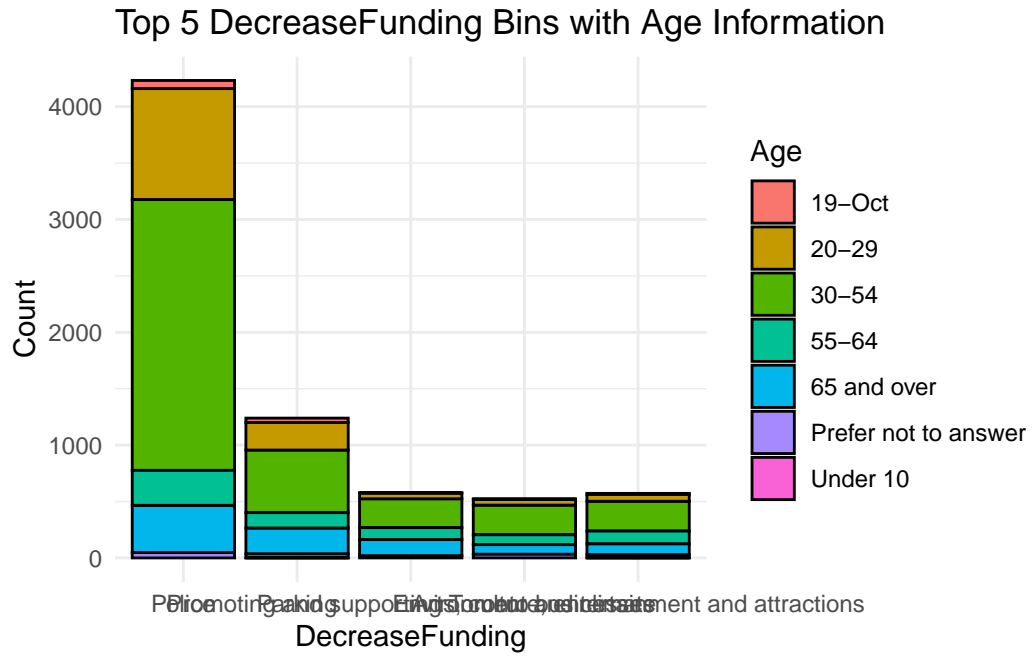

The data for this paper is sourced from Open Data Toronto (Gelfand (2022)) and is downloaded, cleaned and analyzed using the R Programming language (R Core Team (2023)).

Aspects of this paper were written using the LLM ChatGPT 3.5 and 4.0.
